Digitales Zentrum Schwaben

About

Just around the corner from Audi headquarters and two high-profile universities, brigk offers modern coworking facilities and lab space.

Ready for take-off? At brigkAIR startups are developing vertical mobility solutions, drones and the corresponding hard- and software. There even is a test area to try out new ideas next door.

Digitales Zentrum Schwaben (DZ.S) and aitiRaum e.V. are Swabia's networking platform for founders, established businesses and science. Two digital start-up centres in Augsburg and Kempten offer excellent opportunities for a good start.

About

Einstein1 offers coaching, events and networking for founders, start-ups and freelancers from the region and beyond.

Being a business incubator for tech founders, the gate is the first contact address for high-tech start-ups located within the research campus in Garching / Munich. More than 50 resident startups particularly appreciate the flexibly expandable office spaces.

At their three locations Roding, Furth im Wald and Cham the innovation centre and incubator offers commercial and office space plus a fully equipped maker spaces where start-ups can experiment with robots, 3D-printing and measurement technology.

Your digital start-up centres

About

With its location in the middle of the Science Park Würzburg the IGZ is the ideal place for small enterprises that conduct application-oriented research, development, manufacturing or provide innovative services.

Located close to the border to the Czech Republic and Austria, INN.KUBATOR Passau provides easy access to three promising markets. As member of the GZDN Association, it is connected to an extensive network of investors and players from industry, science and associations.

At ITC1, founders, start-ups and young companies meet already established high-tech companies. In addition, the Innovations Technology Campus offers a high-quality infrastructure, a crosssector network and actively promotes innovation. It aims to support digital start-ups.
